EDUCATION

Appalachian State University, Boone, NC

Expected Graduation: May 2019

Bachelor of Science in Mathematics

Concentration in Physics

- Awarded Chancellor's List and Dean's List all semesters

EMPLOYMENT HISTORY

Appalachian State Learning Lab

January 2019 - Present

Mathematics Tutor

Assist students in targeted subject areas through either individual or group tutoring. Help students understand the concepts of the math subject matter and be able to apply their understanding to any problem. Participate via Zoom to provide video communications for students who need help after lab hours. Interact with faculty to develop tutoring material for students.

Play-Well TEKnologies

May 2018 – August 2018

Engineering Instructor Assistant

Co-taught sections of classes entitled Robotics in STEM and Adventures in STEM, which covered engineering fundamentals, robotics, and problem solving skills. Designed and implemented course curriculum and structure, assessed student progress, and provided guidance and assistance in comprehension of course material. Coordinated with regional managers to ensure curriculum and course material met class guidelines.

- Recognized by students for an unyielding commitment to their continual growth and learning. Received numerous letters, notes, and gifts from students for efforts on their behalf.

Blowing Rock Country Club

May 2017 – October 2017

Server/Caterer/Food Preparer

Delivered friendly and efficient service to ensure a pleasant dining experience for all guests suggesting menu items and suggesting specialty drinks according to corporate specifications. Learned the menu for each function. Served and explained the major ingredients and preparation methods for each item to be served. Fostered repeat business and a clientele of regular patrons. Trained new servers on menu knowledge and steps of quality service.

- Always top 3 in server excellence chart and had many positive customer surveys. Asked to contribute to being apart of the managing staff for the following summer.
